The Magician's Nephew – Book 1

Curious children Digory Kirke & Polly Plummer discover colorful rings which belong to Digory's Uncle Andrew, a Magician. The rings take them to other worlds. There they undo an ancient spell that brings Queen Jadis back to life. The queen manages to follow them out of her world and into theirs. In desperation they bring her to yet another world... The Thirst Project

With your help, we are providing the necessity of clean water to the world. Each well provides a community of 250 people with clean drinking water. We are committed to doing what we love "dance" to undo what we hate "waterborne illness & thirst in the world". It is truly a crisis in which we hope to bring a "drop" of sustainable change and awareness. The cost to build a well ranges from \$11,000-\$12,000, and 100% of your donation will go towards building a well. Thanks for your consideration in helping our world water crisis. If you donate \$15 or more, we will give you a DFJ Mug as a token of our appreciation for your donation.
