# Neverwonderland of Oz Origin

## Prologue (The Story before the Story):

Oliver & Zabrina Marvel had possibly figured out a way to create new worlds where time would slow down and they could invent and practice magic for years on end. They began by carefully constructing a lifeless and generic world inside of a large globe, which they referred to as an Orb. The world inside the Orb would then be brought to life through a special enchantment and linked forever with a baby that was about to be born. When Zabrina became pregnant, the experiment could move forward. The Orb would begin to draw life and personality from both the unborn child and the mother who was carrying it. A new world would be created out of their combined image. The Orb and the child would begin and end their existence on the very same day. Oliver & Zabrina's hope was that for every year a person lived in a new world, he or she would only age a single day.

The first of the new worlds was born into existence with the couple's first child, a baby girl named Wendy. They named it "Neverland" because they had really thought their experiment would *never* work. They filled Neverland, in secret, with volunteers who had no place to call home. But in order to keep Wendy and Neverland safe while managing this new world, they had to hide their daughter. They convinced Zabrina's cousins from London, the Darlings, to take her in, since they were childless and loved children. The year was 1896.

Since the first experiment had been successful, Oliver & Zabrina took extra-special care in making the next world because they were planning to live in it themselves. They named it "OZ", using their first name initials. The couple, now in their early forties, had their second child and named her Dorothy after Oliver's mother. She was shipped off to Oliver's hometown in Kansas to live with his sister, Emily. This time the populating process was by invitation only. They invited Zabrina's Sisterhood of Witches, to help rule OZ. Others who were often misunderstood in the regular world were also welcomed. The beginning of OZ and Dorothy's life was the year 1900.

After living for quite some time in OZ, Oliver & Zabrina decided to create another world, one that could top even OZ. Zabrina's childbearing days were quickly coming to an end. They worked on this world for a long time from inside of OZ, so as to give them more time to perfect the new world. Six months into her third pregnancy, Oliver & Zabrina discovered she was carrying twins. The enchantment was not meant to withstand twins. The Orb became so unstable that the twins themselves were absorbed into the newly forming world. The instability began an illness inside of the mother, an illness so severe that it caused an unforeseen evil (the Jaberwocky) to enter the new world. The twins' very lives were now dependent upon this dying world. In desperation Oliver & Zabrina encapsulated the fragile world with a new stabilized one and decided to have one more baby, a little girl named Alice. She was born in 1903. The new world was named "Wonderland" because of the miracle that took place to save their twins (later known as the Red Queen & the White Queen). Two inside the Orb forever and one more named Alice, who, little did the twins know, was their savior. Alice was sent to live with Zabrina's brother on a large plantation. Oliver & Zabrina recruited knights to populate Wonderland and protect their twin daughters.

Five orphaned sisters, three magical worlds, and more of the story about to unfold...

Once upon another time...

## Who are Oliver & Zabrina Marvel?

**Oliver Marvel** - The Peddler – The Marvel-ous Wizard of OZ – Actually an Inventor from the Real World, Husband of Zabrina, Father of the 3 Girls. Co-Creator of the 3 worlds.

**Zabrina Marvel** – The White Witch of OZ – (Alias: Glinda the Good – Witch of the North) – Mother of the 3 Girls. Witch in the Real World. Co-Creator of the 3 worlds.

## Important Terms for Neverwonderland of Oz

**The Crossing:** A place in between the real world and the entrances into the 3 new worlds. Only those who have one of the 3 Orbs of each world, and know the secret words to say, can pass from the real world to the crossing.

**The Orbs:** There is one ORB of each world. The orbs that were used in creating the worlds, are now used to enter each world, from the crossing. Anyone touching an ORB or linked to someone who is, may pass through to, and back from, the world that the ORB represents.

**The Stonekeys:** There is one Stonekey of each land. The Stonekeys of each land allows the holder to pass through, and out of, any land; but they cannot take other living beings with them. When the stonekey of a land is combined with the ORB of the same world, they act as a lock and key. As long as the, lock and key are connected, then anyone can go in and out of that world, to the crossing, as they please.

## The Thirst Project

Dancing for Joy, along with Jubilee Dance Company, has been committed to raising money/awareness for building fresh water wells for communities without clean water for over 10 years. We have successfully funded 10 clean water projects, and are working towards our 11th. With your help and continued support from our DFJ Community, we are providing clean water to those without it. Each well provides a community of 250-450 people clean drinking water. We are committed to doing what we love "dance" to undo what we hate "waterborne illness & thirst in the world". It is truly a crisis in which we hope to bring a "drop" of sustainable change and awareness. The cost to build a well ranges from \$11,000-\$12,000, and 100% of your donation will go towards building a well. Thanks for your consideration in helping our world water crisis. If you donate \$25 or more, we will give you a DFJ Mug as a token of our appreciation for your support and donation.

You can also join our campaign @ <http://my.thirstproject.org/thirstnomore>

## **The Thirst Project**

We are committed to doing what we love “dance” to undo what we hate “waterborne illness & thirst in the world”. It is truly a crisis in which we hope to bring a “drop” of sustainable change and awareness too.

Please consider joining our “thirst-no-more” team, and give the gift of water that will keep on giving.
